Is it Time to Transition?

A Discussion of Organic Production

Shelby

Wednesday
March 19
11 a.m. – 1 p.m.

Lunch provided

The Griddle Restaurant
311 Main Street

Come visit with local organic farmers, organic grain buyers, members of the Montana Organic Association and agricultural support staff and learn about the opportunities organics can offer a producer.

Organic growers will share their testimonials and organic grain buyers will explain the increasing demand for organic products.

Discussions will include:

- economic information
- yields research
- barriers to transitioning
- best management practices
  - . soil health
  - . rotations
  - . organic systems
  - . weed control
  - . buffer requirements
