RE: QUARTERLY Fertilizer & Soil Amendment Tonnage Report

To Whom It May Concern:

Enclosed is a Quarterly Commercial Fertilizer and Soil Amendment Tonnage Reporting form. The report is due on or before the 30th day of the month following the close of the period.

Periods are from: January 1st - March 31st, April 1st - June 30th, July 1st - September 30th, and October 1st - December 31st.

Suppliers or In-State Manufacturers distributing in/into Montana are required to submit this form.

Only Commercial fertilizers and soil amendments for farm use are to be reported. Blended products (if any) are to be reported by their base (straight) products only. Specialty products such as those labeled for home, lawn, turf and garden use are exempt from tonnage reporting.

Accurate reporting is required, including the Uniform Fertilizer Tonnage Reporting System (UFTRS) Code. The UFTRS Code is nationally recognized and is essential to uniform reporting of fertilizer use data. More specific instructions are included on the back of this letter.

**This report is required even if no sales or distributions occurred.** If no sales occurred during this period, indicate zero on the form.

Please return the report to the address at the top of the form with check or money order payable to the Montana Department of Agriculture.

For questions concerning this form, contact the Fertilizer Program Specialist at (406) 444-3730 or by email at [csb-mtplants@mt.gov](mailto:csb-mtplants@mt.gov).

**INSTRUCTIONS**  
**QUARTERLY TONNAGE REPORTING FORM**  
 For COMMERCIAL FERTILIZERS and SOIL AMENDMENTS

Montana Code Annotated (MCA) 80-10-207 and Administrative Rules of Montana (ARM) 4.12.608 states that each in-state manufacturer or out-of-state supplier is responsible for submitting a quarterly tonnage report and for paying the associated fees. The number of tons of commercial fertilizer and/or soil amendments distributed in/into Montana and to whom it was distributed shall be reported, in accordance with MCA 80-10-207 and ARM 4.12.608.

This report is **due on or before 30 days following the end of the reporting period**. If the tonnage report is not filed and the payment of fees is not made within 30 days after the end of the reporting period, **a collection fee of 15% A.P.R. on the amount due, but not less than \$10.00, must be applied, even if the reporting amount is \$0.00**. If no distributions occurred in Montana and there are no fees due, this report must still be filled out and returned by the due date. No responsible party will be allowed to register a fertilizer/soil amendment or renew a license if fees owed to the department are more than 30 days past due.

For each fertilizer and soil amendment, legibly write in the UFTRS Code, the grade and the number of tons under the appropriate package type. Products not included in the UFTRS list should be grouped with the most similar product. Example:

UFTRS Code	Grade			Report Number of Tons		
	N	P	K	Bagged	Bulk	Liquid
66	46	0	0	20	150	
58	28	0	0			66

In the second table, list every company you distributed fertilizer or soil amendments to in Montana. If you require additional space, please make copies as necessary or send the data in an approved format. The last page of this packet is the UFTRS Code Table. Please use this list for completing this form and keep for future reference.

For more information on Montana’s fertilizer reporting requirements or to see the complete Montana Commercial Fertilizer Act, please visit our website at:  
<http://agr.mt.gov/agr/Programs/Commodities/Fertilizer/>.

**DEFINITIONS:**

**COMMERCIAL FERTILIZER** – “includes any substance containing one or more recognized plant nutrients that is used for its plant nutrient content and that is designed for use or claimed to have value in promoting plant growth, yield, or quality of the crop.”

**DISTRIBUTE** – “means to offer for sale, sell, barter, or otherwise supply commercial fertilizers or soil amendments.”

**LICENSEE** – “means a person licensed under 80-10-202” of the Montana Commercial fertilizer Act.

**PERSON** – “means an individual, partnership, association, firm, or corporation.”

**SOIL AMENDMENT** – “means any substance which is intended to improve the physical or chemical characteristics of soil.”

**SPECIALTY FERTILIZER** – “is a commercial fertilizer (dry or liquid) distributed primarily for non-farm use and includes commercial fertilizers used for research or experimental purposes.”

**SUPPLIER** – “means a person who distributes fertilizers or soil amendments into Montana.”

**UFTRS** is the Uniform Fertilizer Tonnage Reporting System administered by the Association of American Plant Food Control Officials. It is used to compile data of fertilizer distribution across the US which is used to promote the safe and effective use of fertilizers.

 For **COMMERCIAL FERTILIZERS** and **SOIL AMENDMENTS**

For the period ending: \_\_\_\_\_

APPLICANT INFORMATION			
Business Name		dba	
Last Name	First Name	MI	Title
Mailing Address			Suite
City		State	ZIP
Phone	FAX	Email	

Complete the table on the back of this form first, specific to each product. The UFTRS Codes are included as the last page of this packet; specific instructions are included on the back of the cover letter. Products not included in the UFTRS list should be grouped with the most similar product. Fertilizer blends should be reported by base products only. Specialty fertilizers are exempt from this report.

The department will accept other legible formats for reporting tonnages. Please keep formats limited to UFTRS Code, typical grade and the number of tons distributed of each product per package type. The person(s) and city these commercial fertilizers and/or soil amendments were distributed to can be listed separately.

Complete the table below as to the total tons of each product type distributed in/into Montana.

Product	Tons	Fee Amount	Fee Due
Commercial Fertilizers		\$1.00/ton	(31000)
Anhydrous Ammonia		\$1.70/ton	(31001)
Soil Amendments*		\$0.10/ton	(31003)
Total Tons:		Sub-Total:	
		Late Fee:	(31004)
		Total Amount Due:	

**\* No fee is due for Soil Amendment products if less than 50 tons are reported.**
