

Budget Negotiation

Login to WebGrants at <https://funding.mt.gov>

Click on “My Grants” then on the title of the grant.

Next click on the “Budget – Special County and Reservation” form and then on Correcting Version.

Now click on “Edit” (at top) and make the approved updated changes to the budget form, then click on “Save”.

When done with making the changes, then click on “Submit Component” to finish the negotiation.

You will get a popup box, read and click **OK**, then you will get a Confirm box that lets you know that “You have successfully submitted...” – You are done.

Please contact Greta Dige at 444-7882 if you have any problems or questions.
